MIDDLE  
EAST  
STUDIES

Large dams represent the most visible ugly face of forced displacement due to development projects by affecting some of the weakest sections of society.

By bringing together academics and planners on the same table, this seminar looks at how resettlement of affected groups is planned and what are its long-term socioeconomic implications.

## tuesday, october 18

---

**2:30 p.m. registration with coffee service**

Watson Joukowsky Forum

---

**3:00 p.m. – 3:15 p.m. introduction**
